Supplemental Response To Order Regarding X-Ray Evidence

The attached x-rays are Wise & Julian, P.C.'s Supplemental compliance with the Court's Order of December 22, 2006, regarding X-Ray Evidence. Wise & Julian, P.C. previously submitted 125 x-rays of 30 claimants. X-rays for three claimants were in the control of defense attorneys. Wise & Julian, P.C. has obtained five x-rays of Robert Laemmel and four x-rays of Burrell Spurgeon. Each of those x-rays has been labeled with the claimant's name, last four digits of his social security number, the bankruptcy case caption and name of the firm which submitted a questionnaire for claimant, and are hereby submitted.

By this letter and the signature below, counsel for the claimants stipulates that the attaché x-rays are identical copies of the original x-rays which are material to each claimant's allegation of asbestos related cancer.

The following x-rays are attached:
